Bug fixes and performance improvements. What's new in this version: Added a new layout for the Options page. Added a new layout for the Options page. Added the ability to resize the task manager pane. Added a menu button to the Options menu. Bug fixes and performance improvements. Download Game Cloud With ModsXP, you do not have to hunt for all your mods, each and every time you start a new game or want to change your graphics settings. This leads to longer loading times and more frustration. Luckily, ModsXP scans your games folder automatically, and will list all available mods to you in a familiar sidebar list. Clicking on a listed mod will instantly open it in the mods list so you can change your graphics settings right there and then. There is more to ModsXP than just listing your mods. It also provides convenient, easy to use features, such as a large preview window so you can easily check the mod's quality and a detailed mods list that helps you to filter and search the list. You can also switch between the main and mod list with the handy toggle button. The ModsXP mod list is the only list of available mods that you can freely navigate across different games using the built-in search feature. You can easily sort or limit the list by author, mod's mod group or mod's rating. If you want to find a specific mod by its name, this is an even simpler task. Once you have selected the mods you want to use, you can preview the new graphics settings right there and then in the ModsXP preview window. You can also download the complete mod's file from the preview pane so you can easily install the

### What's New In Game Cloud?

- Save game synchronize and backup in one package - List of all your save games and associated folders - Play with cloud save - Local backup and synchronization - Full console compatibility - Full app support (limited to iPhone, iPod Touch and iPads) A: 3rkc is a simple and extremely fast way to backup/restore your games on iOS/Mac. Install 3rkc on your Mac. Download your iOS game on Mac or iOS. Save using 3rkc. Open your game on iPad or iPhone. The idea behind this app is that it does not save the game, it saves folders but once you've downloaded the game on your iPhone/iPad, the game will open in the app, and you can just click the restore button to sync your game. It works great with many games out there. USA TODAY Sports When you have the most dominant offensive line in the nation, a quarterback of the high-end Heisman Trophy caliber and a pair of dynamic running backs behind that line, you're going to run for more than 4,100 yards. Well, you're going to run a lot of rushing yards, for sure. You can bet against Mark Stoops having another offense that is so prolific when you look at the Wildcats' totals and their personnel. Yet, there's no denying the contributions Kentan Facey and Samaje Perine made in helping out Stoops and his successor, Mike Yurcich, build such a prolific attack. And, if there's one thing that the Sooners are good at, it's returning running backs to their home state to play at a high level. So, it was only a matter of time before they put the pieces back together. Facey decided to come to the Rose Bowl, but Perine—who is recovering from a knee injury—is back to lead the Sooners. Perine has played his best football since early in the season, averaging a whopping 7.4 yards per carry and 127.3 yards per game over his last three games, including a career-high 124 yards on 20 carries during the national title game. The two-time Big 12 Offensive Player of the Year could be good for 3,000 yards before he even gets done playing Oklahoma State in the Big 12 Championship Game. So, if Perine continues to play like he did in the last two weeks,
